

Safety & Backflow / Cross Connection Control for the Water/Wastewater Industry

In an effort to meet the needs of our water/wastewater systems and operators, the North Carolina Rural Water Association (NCRWA), along with the North Carolina Industrial Commission, is pleased to present this one-day (6 contact hours) seminar on Safety & Backflow/ Cross Connection Control for the Water/Wastewater Industry. The NCRWA believes this seminar will be a beneficial educational session that will refresh the water and wastewater operator on safety and backflow technology.

There will be no charge for this seminar; however pre-registration is required to plan for seating. The staff of NCRWA looks forward to seeing you at the seminar.

This 6 hour educational course is designed for water and wastewater system operators. Operators seeking professional growth hours should use their discretion as to the relevance of this course to their water and/or wastewater certification.
