

Industrial Pretreatment Technician
Department of Water Management
City of Durham, NC

Want to be a part of the clean environment movement?

The Department of Water Management provides the City of Durham with safe drinking water while protecting the environment with superior wastewater treatment operations. With approximately 215,000 citizens and an extended water and sewer service area population of over 250,000.

In this role you will assist with enforcing ordinances around fats, oils, grease (FOG), investigate and recommend actions to sewer overflows or errors, recommend sizing of interceptors, and conduct field inspections of facilities related to keeping our residential and commercial water and sewer systems in compliance. Additionally, this role proactively leads the effort for spill control and uses established protocols for wastewater collection samples in line with federal, state, and local regulatory requirements.

Position Qualifications

- High School Diploma or the equivalent.
- Some supplemental college coursework in Chemistry, Biology, or a related field desired but not required
- Minimum 3 years direct experience in a water or wastewater operations, laboratory or in similar environmental field work or any equivalent combination of training & education
- General knowledge of industrial waste pretreatment, wastewater treatment (operations & maintenance), field sampling and analysis
- Valid Class C Drivers License
- Pretreatment, Wastewater, or Collection System Certification preferred

We offer a highly competitive benefits package to include 401(k), 457, retirement, LT care, flex spending accounts, & generous annual/sick leave. Apply online (**referencing job #7706**) jobs@ci.durham.nc.us or to Human Resources, 101 City Hall Plaza, Durham, NC 27701. **Job closes 9/17/10.**
